What is the Local Plan and why is it important?

The Local Plan is a framework that will guide future development and planning decisions in the borough until 2040.

We are updating the existing Local Plan to ensure it remains fit for purpose, delivers local priorities, meets future needs and reflects current national planning guidance.

Key priorities in the draft plan include tackling climate change, protecting our environment and delivering much-needed affordable housing.

It is important we have a strong planning framework in place, shaped by the people who live and work here, to protect our borough from unsuitable development and create the kind of place we want.

The Local Plan Update
